

Preliminary program of 1st European conference of RASA
October 31-November 1, Freie Universitaet Berlin

October 31

9:00 – 9:15

Открытие Конференции / Opening Ceremony

9.15-10.15

Plenary Session

Chair: Igor Efimov (Northwestern University)

Presenter: Sergei Guriev (London Business School)

The role of academic diaspora for Russia's future

Presenter: Tatiana Tatarinova (University of La Verne)

Reconstruction of history of human migration using whole genome sequencing

10.15-11.15

Section I: Political science

Chair: Ekaterina Borisova (University of Lille) - tbc

Presenters:

Ekaterina Borisova (University of Lille)

Conspiracy thinking and Unified State Examination: Quasi-experimental evidence from Russia

Vladimir Kozlov (Nazarbayev University)

Political migrants from Russia (22.2 article) in Germany. Their adaptation and integration.

Andrey Tkachenko (Nazarbayev University)

Public opinion and casualties in wartime censorship

Kirill Titaev (Faculty of Liberal Arts and Sciences in Montenegro)

Administrative (state-generated) data in liberal and illiberal regimes

11.15-11.30

Coffee break

11.30-12.45

Section II: Economics I

Chair: Alexander Libman (FU Berlin)

Presenters:

Gordei Yastrebov (University of Cologne)

Demographic and Cultural Pathways of Religious and Secular Change: The Case of Germany

Ivan Boldyrev (Radboud University)

Market Design: Blueprints for a History

Danila Raskov (Uppsala University)

Copper as International Money: Coinage and Prices in the Long 17th century

Nikita Zakharov (University of Freiburg)

Historical State Repression and Anti-War Dissent

Ivan Baydakov (Tel Aviv University)

The Dynamics of Priorities: The Goals and Objectives of Russia's Socio-Economic

Development in the Medium-Term Programs of the Yeltsin and Putin Eras (1992-2014)

12.45-13.45

Lunch Break

13.45-14.30

Section III: Economics II

Chair: Andrei Yakovlev (Harvard University and FU Berlin)

Presenters:

Shukhrat Nasirov (University of Manchester)

From a standards taker to a standards maker - The institutional perspective on China's ascent in global technological standards-setting

Vitaliy Roud (Zagreb School of Economics and Management)

Can we design the productivity growth? Smart specialization vs. Sectoral Productivity

Growth trajectories in Croatia.

Yulia Rodionova (University of Gothenburg)

The local map of Europe: municipal border changes, 2014-2024

14.30-15.15

Section IV: Physics

Chair: Yuri Kovalev (Max Planck Institute for Radio Astronomy, Bonn)

Presenters:

Andrey Kalinichev (IMT Atlantique)

Atomistic computational modeling of geological materials for environmental and energy applications

Yuri Kovalev (Max Planck Institute for Radio Astronomy, Bonn)

Multi-messenger Lighthouses of the Universe: The Many Extremes of Active Galactic Nuclei

Alexander Kostinskiy (Nuclear Physics Institute of the Czech Academy of Sciences)

How Lightning Is Initiated in Thunderclouds

15.15-15.30

Coffee break

15.30-17.15

Section V: Philosophy

Chair: Yulia Sineokaya (Paris-1 Sorbonne Pantheon University)

Presenters:

Sergei Akopov (Freie Universität Berlin)

Breaking the cloud: political theory in Russia after 2022

Ekaterina Rozova (Paris Nanterre University, Paris)

History of Russian philosophy in Russia 2022-2025 in the context of instrumentalisation of intellectual heritage in pro-war propaganda

Dmitry Uzlaner (Freie Universität Berlin)

What is behind the ideology of traditional values and what should be done about it all?

Igor Ebanoidze (Karl-Jaspers-Haus, Oldenburg)

German "Exil" and 'innere Emigration' from the perspective of Russian political 'relocants'

Andrey Logutov (Goethe University Frankfurt)

Algorithmized Communities and Atomized Subjects

Boris Podoroga (University of Lille)

Phantom Shock or an Anesthetic of Drone Videos

Dmitry Biryukov (Pontifical University of Saint Thomas Aquinas, Rome)

Propaganda and Philosophy in Russia during the First World War

17.15-18.45

Round Table I: State and Society

Moderator: Sergei Erofeev, Rutgers University

Topics for the discussion:

- Reliability of Data about the State and Society: How reliable is the data used to analyze society and the state? How do recent advancements in research methodology enhance our understanding of this data?
- Tracking the Dynamics between the State and Society: What indicators help track changes in state-society relations? How can long-term trends in state-society relations be analyzed?
- Divided vs. Undivided Society: What does a "divided society" mean in terms of state boundaries and emigration?
- The State as Non-Monolithic: How does the state's non-monolithic nature manifest politically and socially?

Participants:

Oleg Zhuravlev, Dresden University, Public Sociology Lab

Tatiana Golova, ZOIS, Berlin

Philipp Chapkovsky, University of Duisburg-Essen

Elena Koneva, ExtremeScan project

Magdalena Lachowicz, Poznan University

Ivan Grek, GWU, Washington (online)

Ужин / Dinner: TBD

Оплачивается индивидуально участниками / Personal payment

November 1

9:00 – 9:45

Section VI: Chemistry

Chair: Sergei Filippov (DWI Leibniz-Institute for Interactive Materials)

Presenters:

Sergei Filippov (DWI Leibniz-Institute for Interactive Materials)

Dynamics of Hydrophilic and Hydrophobic Polymer Chains of Gradient Poly-2-Oxazolines
Micelles

Alexander Kabanov (University of North Carolina – Chapel Hill)

Nanotechnology for Cancer Therapy

Ilya Shenderovich (University of Regensburg)

Small but Mighty: Significant Effects of Weak Non-Covalent

Discussant:

Elena Besley, FRSC, School of Chemistry, University of Nottingham

9:45 – 10:45

Section VII: History and History of Sciences

Chair: Askold Ivanchik (CNRS, Institute “Ausonius”, Bordeaux)

Presenters:

Askold Ivanchik (CNRS, Institute “Ausonius”, Bordeaux)

What Does Greek and Latin Epigraphy Contribute to the Study of Antiquity?

Alexander Dmitriev (Charles University, Prague)

After the Empire: Emigrant Scholarship and the Protection of Minorities in the Interwar Period (M. Kruchinskii)

Dimitri Bayuk (Université Paris Cité)

The Imperial Idea and Astronomy in the Age of Enlightenment

Dinara Gagarina (Friedrich Alexander University Erlangen Nürnberg)

Digital Historiography in Central Asia

10:45 – 11:00

Перерыв / Coffee break

11:00 – 12:30

Section VIII: Biology

Chair: Alexander Kukalev (Berlin Institute for Medical Systems Biology)

Presenters: Alexandra Zhernakova (University Medical Center Groningen)

Microbiome development in early life

Anna Brichkina (University of Marburg)

Targeting the tumor stroma: new concepts and potential approaches

Igor Efimov (Northwestern University)

Biology and treatment of atrial fibrillation

Alexander Kukalev (Berlin Institute for Medical Systems Biology)

Genome architecture studies reveals cell type specific chromatin topologies

Konstantin Khodosevich (University of Copenhagen)

Neurodevelopmental etiology of schizophrenia

Anton Sirota (Ludwig Maximilian University of Munich)

Linking behavior and brain dynamics implicated in learning and memory consolidation

12.30-13.30

Lunch Break

13.30-15.00

Round Table II: Artificial Intelligence

Moderator: Tatiana Tatarinova (University of La Verne)

Participants:

Alexander Tropsha (University of North Carolina)

Alexandre Varnek (University of Strasbourg)

Dmitriy Kuteinikov (independent researcher)

Nikita Moshkov (Helmholtz Munich)

Nina Belyaeva (Global Nomad University)

15:00 – 15:15

Перерыв / Coffee break

15:15 – 17:15

Round Table III: The future of Russian academic community and exile science

Dmitriy Dubrovskiy (Charles University Prague)

Participants:

Oleg Zhuravlev (TU Dresden)

Alexander Kalgin (University of Bonn)

Ilya Kiriya (University Grenoble-Alpe)

Ekaterina Trubnikova (Independent researcher)

Andrey Lavrukhin (Institute for Development and Social Market for Belarus and Eastern Europe. Vilnius)

Alla Morozova (EHESS, Paris)

Olga Orlova (T-Invariant)

Vladimir Ponomarev (Independent researcher)

Evgeniy Nasirov (T-Invariant)

17:15 – 17:30

Заккрытие Конференции / Closing Ceremony
