

Researcher/Senior Researcher

Institute for Employment Research (IAB), (Germany)

The department „International Comparisons and European Integration“ of the Institute for Employment Research (IAB) has an opening for a full-time researcher/senior researcher with specific expertise in econometrics. The IAB is consortium leader in a research project on the impact of the transitional periods for the free movement of workers in the context of the EU Eastern Enlargement commissioned by the EC.

Responsibilities within this project include:

- quantitative analysis of the determinants of East-West migration,
- assessment of the forecasting performance of different estimators,
- forecasts of potential migration,
- presentation and publication of results.

Required qualifications:

- MA or PhD in economics or related fields,
- excellent econometric background,
- specific expertise in spatial econometrics,
- fluent in oral and written English.

Research experience in the area of migration is of advantage.

Length and salary:

- 11 month, beginning in February 2008 or negotiable date thereafter
- Tariff group 1 or 2 of IAB depending on qualification.

IAB is an equal opportunity employer. Expressions of interest including CV and list of publications should be sent to

PD Dr. Herbert Brücker, IAB, Regensburger Str. 104, D-90478 Nürnberg, GERMANY; Email: herbert.bruecker@iab.de; Phone: +49.911.179 3807; Fax: +49.911.179 3298.

JEL Classification(s): C, F

Application has to be received by 15. Januar 2007.
